About Beo String Quartet

Beo String Quartet embraces the breadth and depth available to a string quartet in the 21st-century. By crafting original music and projects, engaging listeners through entertainment and thoughtful demonstration, collaborating with living composers, performing quartet masterpieces in a wide array of settings, and exploring technology's capacity as a musical and social tool, Beo is expanding the role of chamber musicians in today's global culture. Now in its seventh season, Beo has performed over 100 concert works in the US and Europe--including over 45 world premieres.
